Special Offering in Veils

Our buyer while in New York a few days ago secured a lot of 250 Black Mourning Veils, only one of a kind. These are sample lots, consisting of nearly every kind, including the net with heavy silk and crepe borders, 1½ to 2 yards long.

These are without a doubt the greatest bargains ever offered in Veils, and we were extremely fortunate to secure them at the price.

50c, 75c and \$1 kind, special 29c
\$1.50 kind, special 59c
\$2.00 and \$2.50 kind, special 89c

\$1.00 White Washable Lace Veils, in eight different designs. These are very fashionable this season, especially these large scroll patterns; 1½ yards long; excellent values at 59c

CLUB OF TWENTY BOLLING SAYS AT WESTHAMPTON SEWER IS URGENT

Postmaster Allan and Associates Buy Forty Acres for Half as Many Bungalows.

Postmaster Edgar Allan, Jr., and twelve associates have purchased forty acres of land five miles from Richmond, adjoining the Richmond College site at Westhampton, from Jacob F. Shaw, for the purpose of building a clubhouse and a fishing preserve. The club will be organized and chartered as the Westhampton Country and Fishing Club.

There will be only twenty members. Each will have a bungalow and one acre of land. A dam will be built across the east branch of Westhampton Creek, between two hills. This will form a lake covering about twenty acres. The lake will be stocked with game fish. It is expected that a lot of fish will be secured from the government.

The property and improvements, exclusive of the bungalows, will cost about \$20,000. An artesian well will be driven to furnish water for the club. An electric power plant and sewage system will be installed, as well as other modern improvements.

The buildings will be ready for occupancy by early spring. Work will begin in a short time on the dam and clubhouse. It is expected the lake will be stocked with fish this fall.

NEGRO KILLED WHILE CARRYING AWAY WATERMELON

Coroner Taylor yesterday viewed the body of Louis Neal, colored, who was run over and killed by a shifting engine in the yards of the Seaboard Air Line Railway, about 8:30 yesterday night. The coroner decided it was unnecessary to hold an inquest.

Neal had been in the employ of a commission merchant, who was unloading a car of watermelons late yesterday afternoon. It is believed that Neal was in the act of carrying away two big melons when he was run over and killed.

ELECT FACULTY TUESDAY NIGHT

University College of Medicine Adopts American Association Curriculum.

TRUSTEES FREE TO SELECT

To Increase Number of Business Men on Board—Chairs Established.

At a meeting of the board of trustees of the University College of Medicine held last night in the offices of Dr. Stuart McGuire, at which Judge George L. Christian presided, the curriculum proposed by the Association of American Medical Colleges was adopted. This introduces no new subjects, it is understood, but provides a different distribution of the time allotted to each branch. The chief improvement lies in the increased attention given to laboratory teaching.

All members of the faculty offered their resignations in order to leave the board free to readjust the professorships to meet the needs of the new curriculum. At a meeting which will be held on next Tuesday night, the occupants of the various chairs will be selected. In the meanwhile, it is expected that all candidates will make written application to the president of the faculty.

In view of the great demonstration on the part of the Richmond people in contributing to the rebuilding fund, it was decided to increase the representation of business men on the board of trustees. In order to arrange for these new members, present members of the board who are also members of the faculty have offered to retire, and it is probable that their proposal will be accepted.

Chairs were established as follows:

- Department of Medicine.**—Professor of anatomy, associate professor of anatomy, professor of histology and embryology.
- Division of Physiology and Chemistry.**—Professor of physiology, professor of chemistry (organic and inorganic).
- Division of Pathology, Bacteriology and Hygiene.**—Professor of pathology, professor of bacteriology, professor of hygiene and sanitation.
- Division of Materia Medica, Pharmacology and Therapeutics.**—Professor of materia medica and therapeutics.
- Division of Medicine and Medical Specialties.**—Professor of clinical medicine, professor of clinical medicine, professor of practice of medicine, professor of physical diagnosis, professor of clinical diagnosis, professor of clinical medicine, assistant professor of medicine, professor of clinical pediatrics, professor of clinical diseases, professor of nervous and mental diseases, professor of dermatology.
- Division of Surgery and Surgical Specialties.**—Professor of clinical surgery, professor of clinical surgery, professor of principles of surgery, professor of practice of surgery, assistant professor of surgery (operative surgery), assistant professor of surgery (radical diseases), professor of genito-urinary surgery, professor of ophthalmology, professor of otology and rhinology, professor of laryngology.
- Division of Obstetrics and Gynecology.**—Professor of clinical obstetrics, professor of obstetrics, professor of clinical gynecology, professor of gynecology.
- Department of Dentistry.**—Professor of clinical dentistry, professor of operative dentistry and orthodontia, professor of prosthetic dentistry, crown and bridge work and metallurgy, professor of dental pathology, materia medica and therapeutics, professor of oral surgery.
- Department of Pharmacy.**—Professor of theory and practice of pharmacy, professor of chemistry, professor of botany, professor of materia medica, professor of pharmacognosy.

SYRIAN WOMAN'S CASE POSTPONED FOR EVIDENCE

The case of Mary Joseph, a Syrian, charged with selling liquor on Sunday and without a license, will have a hearing in Police Court on July 21. Justice Crutchenfeld continued the case in order that the police may secure additional evidence.

The home of the woman, at Twenty-ninth and P Streets, was raided last Sunday afternoon by officers who found several men in the place drinking beer. A number of partly filled bottles of beer were found.

The prisoner was required to furnish bond in the sum of \$500, which she gave for the Joseph woman.

A Special "Drive"

in Midsummer Suits. Jump in and see how far your dollars, wisely spent, will carry you.

- \$10.75 For Suits that sold up to \$16.50.
- \$15.75 For Suits that sold up to \$22.50.

- NEGLIGEE COAT SHIRTS.—Special, \$1.05 for best \$1.50 Shirts sold in the city. They're the J's & L. make, and that's enough said.

FRANCE NAMES DATE

To Receive Statue from Virginia in Paris on August 18.

The French Foreign Office at Washington has fixed August 18 as the date for the ceremonies attending the presentation by the State of Virginia of the bronze reproduction of the famous statue of Washington to the people of France. The statue will be located in Paris. The gift was made under a law passed at the session of the General Assembly of Virginia "as an expression of Virginia's cordial friendship for the French Republic."

The Governor of Virginia appointed a committee to arrange for the presentation, which was finally accomplished through the efforts of the committee.

Jacobs & Levy

COLORED PEOPLE AFTER BIG ONES

To Invite Roosevelt, Booker Washington and Jack Johnson to Their Fair.

GOING TO SEE COLONEL

Delegation, With Giles Jackson as Member, to Call on Him July 17.

If the promoters of the Colored State Fair Association carry out the program planned, ex-President Roosevelt, Booker T. Washington and Jack Johnson will be among the attractions at the fair which will be held at the State Fair Grounds October 21 to 29.

Ex-President Roosevelt will be invited to deliver an address on conditions as he found them in Africa on his hunting trip. Washington will be expected to discuss the progress the negro is making in the South. Johnson will not indulge in a prize fight or boxing match, but will do a vaudeville stunt, and as much in the line of a comedian as possible.

For months leading colored men of Richmond and other cities and States have been planning for the fair. The necessary capital has been secured. According to Giles B. Jackson, director general, prominent white people are among the promoters.

A letter received from Mr. Roosevelt yesterday in reply to an invitation to deliver an address at the fair has encouraged the promoters. A committee composed of W. D. Crum, minister to Russia, John C. Daney, register of deeds of the District of Columbia under Presidents McKinley and Roosevelt; H. F. Cummings, the only colored member of the City Council of Baltimore, and Giles B. Jackson will go to New York on July 17 to see Mr. Roosevelt.

At the same time the committee will meet Jack Johnson's manager and make him a proposition to have him come to Richmond.

Giles Jackson said yesterday that he had written to the clerk of the court in every county in the State of Virginia asking that the names of the leading colored men who have the confidence and respect of colored and white people be furnished him. He said that he has received replies from every clerk, giving the names of a dozen from each county. These negroes will be appointed to promote the fair in their various sections.

Planned on Big Lines.

The colored fair will be conducted on the same lines as the Virginia State Fair. An effort will be made to have the colored people exhibit products of their farms, as well as articles of their handicraft and manufacture. Jackson said the negroes in North Carolina have for several years held a fair of their own the week following the State Fair, and have been very successful. He explains that the fair is planned on big lines, and that it is intended to do something for themselves. He said white people all over the State are encouraging the movement.

On next Thursday night John C. Daney will deliver an address on the roof garden of the Mechanics' Savings Bank, at Third and Clay Streets, in the interest of the fair.

H. F. Cummings, the lone colored member of the Council of Baltimore, is the man who secured the nomination of Theodore Roosevelt for President on behalf of the colored people of the United States. W. D. Crum is the negro appointed by Mr. Roosevelt as collector of the port at Charleston. The Senate refused to confirm the appointment. President Roosevelt's action was a bitter denunciation all over the South. Crum was recently appointed minister to Liberia by President Taft.

LIGHTNING HITS MRS. R. E. TILLER

Bolt Strikes Flag Pole of Buckroo Beach Bath House and Passes Through Roof to Room.

Mrs. Robert Elwood Tiller, of Henrico county, was brought to the city last night suffering from a severe lightning shock, sustained yesterday afternoon at Buckroo Beach. A bolt of lightning struck the flag pole, surmounting the main bath-house, and after splintering that passed downward through a room in which Mrs. Tiller was dressing.

Mrs. Tiller was made unconscious by the bolt, and for some time after was in a state of insensibility. She could not move. The actual injuries, however, were found to be a slight burn on her foot and a rather severe nervous shock.

GETS SEVEN YEARS

William Deane Convicted of Murder in the Hustings Court yesterday afternoon a jury rendered a verdict of murder in the second degree in the case of William Deane, colored, and sentenced him to seven years in the penitentiary. Deane killed George Lewis, colored, at 1447 East Franklin Street, as a result of trouble over a woman.

Deane entered Lewis' room and blew out the man's brains while he was asleep. He made his escape, but was later captured.

Judge Witt assigned James H. Drake, Jr. and Brockenbrough Lamb to defend the prisoner. The coroner's wealth prosecuted for first degree murder.

Monument Avenue Residence Sold.—Blam & Punsen have sold privately the handsome residence of Louis W. Pizani, 1812 Monument Avenue, with 7,500 sq. ft. of land, to Dr. Soto D. Fitzgerald, who bought for a home. The purchase price is not given.

Repair Permit.—A permit was issued yesterday in the office of the Building Inspector to Mr. Drinkard, Jr., to repair the stable in rear of 143 1/2 North Sixth Street, to cost \$75.

MCCARTHY LIKELY TO ENTER RACE

Looms Up on Political Horizon as Possible Candidate for Governor.

BUT NAMES CONDITIONS

Believes Legislature Should Relieve Candidates From Heavy Expense.

State Accountant Carlton McCarthy, formerly Mayor of Richmond, announced yesterday that under certain conditions he would be a candidate for Governor of Virginia and that he would stump the entire State in prosecution of his canvass. His first announcement that he was in the race to a finish and would make it his for such opponents as Henry C. Stuart, Joseph E. Willard, Richard Evelyn Byrd and other possible gubernatorial timber was later qualified by three conditions: If his life is spared and his present health and strength are continued during the next three years; if he can induce the next Legislature to diminish the case of the State of the public to assume the cost of a State primary, and if no personal friend to whom he is indebted for personal regard and confidence and good will should desire the position, in which event he would withdraw.

Election Is Secondary.

With the thought of independence, the former Mayor is frank to say that his election as Governor is but a secondary purpose in view, since his mere candidacy would open vital questions upon which the people of the whole State should pass. He stated that it is his desire to be in a position before the public to give him the right and privilege of expressing his views on vital State questions, not as a subordinate, but as one whose right and duty both require it.

Captain McCarthy expresses the view that his candidacy alone will raise questions and make issues which he believes should be put and argued, holding as he does that they are issues which deeply involve the public welfare. According to his own statement, his primary purpose in thus announcing his candidacy three years before the contest is that there may be a fearless and unselfish debate of every vital question, issue and policy affecting the honor and welfare of the Commonwealth. Further than this he would not definitely specify the issues on which he proposes to make his campaign. His platform will be one of honesty and morality, for clean administration of the State government, in accordance with the principles of Democracy. The issues of his campaign will be more strictly on lines of morality and righteousness in public affairs than any political fight of recent years.

The proposed canvass of the State by Captain McCarthy will include joint debates with any opponents in every section of the State, with a view of informing the people on the issues. His entry into the lists, however, is predicted on the next Legislature enacting a law to provide for the State assuming the expenses of primary elections. He argues that at present it is impossible for moderate means to run for office, since the expenses of such a campaign would amount to from \$10,000 to \$15,000.

Former Mayor of Richmond.

Captain McCarthy is a native of Richmond, and a veteran of the Confederate service. He is the author of a history of Richmond and of reminiscences of life as a Confederate soldier. He is well known as a student of municipal and State affairs, having been for some time Special Accountant of Richmond. He conducted two remarkable "live wire" campaigns against former Mayor R. M. Taylor, in the second of which he was elected Mayor of Richmond, being himself in turn defeated two years ago by Mayor D. C. Richardson. He has since acted as special accountant for a committee of the State Legislature, and was recently elected State Accountant, a new position created by the recent session of the Legislature.

HENRICO CIRCUIT COURT.

House-Breaking Cases Before Magistrate and Jury in Courtroom.

Willis Jackson, colored, charged with attempting to break into the home of Edward Schunk, of Henrico county, had his case finally settled yesterday when Magistrate Lewis sent him to the county jail for one year. Jackson attempted to break into the home of Schunk, but was met at a window by Mr. Schunk, who shot him in the face with a buckshot.

When Magistrate Lewis first tried the case he sent it to the grand jury, but the grand jury looked into the matter yesterday and decided that it was nothing more than a misdemeanor, and sent the case back to the magistrate for trial.

Farris Dobson, colored, charged with house-breaking, was tried in the Henrico Circuit Court yesterday and sent to the penitentiary for one year. Dobson broke into the home of Harris Johnson last February and carried away \$300 in money.

CHARTERS GRANTED

The following charters were issued yesterday by the State Corporation Commission:

The Clifton Forge Normal and Industrial Institute, Incorporated. Principal office Clifton Forge. Incorporators—Rev. W. D. Hill, president; Hinkley N. Y. D. Smith, vice-president; Hot Springs; A. C. Burrell, secretary. Hot Springs. Capital stock—maximum, \$15,000; minimum, \$10,000. Objects and purposes—Industrial school for the colored race.

The Peakland Corporation. Principal office Lynchburg. Incorporators—R. A. Apperson, president; R. C. Blackford, secretary. Lynchburg. Capital stock—maximum, \$50,000; minimum, \$10,000. Objects and purposes—Real estate business.

At the Virginia Hospital. Richard Jenkins, of Forest Hill, is recuperating after an operation performed at the Virginia Hospital on Saturday.

Old Soldier Killed in Sham Battle. (Special to The Times-Dispatch.)—Gladesboro, Va., July 7.—J. D. Shepherd, a Confederate veteran, while taking part in a sham battle at a reunion on Monday at Hillsville, in Carroll county, was shot and killed by one of the old soldiers. He lived only a few hours after being shot.

RUNYON'S BACK BROKEN BY DIVE

Paralyzed From Shoulders Down and to Almost Dying Condition.

With a broken back and paralyzed from his shoulders down, Elmer E. Runyon, the seventeen-year-old son of Dr. Emily E. C. Runyon, of 1622 West Grace Street, whose shortcomings have brought him into the limelight, lies at St. Luke's Hospital, in a dying condition.

Young Runyon was taken into custody a few days ago in Washington on a charge of housebreaking. His mother went to his assistance and succeeded in inducing the authorities to dismiss the case. It is claimed that the lad's mental condition is such that he is not responsible for his acts.

The boy was placed in a school, known as the Boys' Republic, located a short distance from Annapolis, Md. Monday evening, in company with a number of boys, young Runyon went in swimming. About 6 o'clock he told his playmates that he would dive once more from the diving board.

He was then taken to the University Hospital. Dr. Runyon was notified, and she at once went to his bedside.

Surgeons told the mother that her boy's spinal cord had been broken and that there was slight hope of his recovery. Unwilling to believe that, she decided to bring him to Richmond. He was brought to St. Luke's Hospital and is being attended by Dr. Stuart McGuire, who said last night that he has little hope that he will recover.

Young Runyon evidently dived too near the shore and his head struck a stone, which severed the spinal cord, causing paralysis of the back and hips. He is conscious and understands his situation, but takes his misfortunes philosophically.

ELKS LEAVE SUNDAY

Large Party Going from Richmond to Detroit Convention.

"All aboard for Detroit" is the present-day slogan of the Richmond Elks. Many members of the local lodge will attend the national convention which will be held in the Michigan city next week; in fact, indications are that the delegation will be one of the largest that has ever represented this city at a session of the grand lodge.

State Deputy W. F. Lindner and Richmond Alternate T. R. Archie are expected to leave for the convention city either to-day or to-morrow, and the main delegation, consisting of about twenty members, will follow Sunday, going over the Chesapeake and Ohio Railway by way of Cincinnati.

Detroit is ready to give the delegates the time of their lives, and preparations for their reception and entertainment have been in progress for many weeks. The convention will be in session the entire week.

Qualifies as Executor.

Mrs. Sallie N. Merryman, qualified yesterday in the Chancery Court as executrix of the will of Phillips Doran. The estate is valued at \$1,000.

TABLET TO HENRY

Will Mark Spot Where He Stood While Electrifying Citizens.

For the purpose of selecting a tablet which is to be placed on the walls of old Saint John's Church in memory of Patrick Henry, the special committee in charge held a meeting in the church yesterday morning.

As the result of a measure introduced by Alden Bell, of Culpeper, the last Legislature appropriated the sum of \$250 to provide this tablet, which will be placed in the spot where the statesman made his famous speech. The committee is composed of Rev. R. A. Goetzman, rector of Saint John's; Captain John S. Myers and S. B. Frischhorn, of the vestry, and Mr. Bell, who was appointed to serve by Governor Mann.

At the meeting bids were authorized and without final action being taken time was given to discussion of the style of tablet and the wording of the inscription, which will be placed thereon. It was also decided that the unveiling exercises will be held immediately after the tablet has been placed in position, no exact date having been named.

The tablet will be of bronze and the amount of the appropriation is sufficient to insure a handsome one.
